UTILITIES MATTER

ORDER NO.

SUBJECT:

DOCKET NO. 2010-57-E - Application of South Carolina Electric & Gas Company Requesting to Reconfigure a Portion of Its Existing V.C. Summer-Pineland 230 kV Transmission Line and to Reconfigure a Portion of Its Existing V.C. Summer-Denny Terrace 230 kV Transmission Lines - Discuss this Matter with the Commission.

COMMISSION ACTION:

Pursuant to S.C. Code Section 58-33-110(1), I move that we determine that the reconfigured lines constitute "the replacement of an existing facility with a like facility" and does not constitute "construction of a major utility facility" for which certification under the Utility Facility Siting Act and Environmental Protection Act would be required. I note that this determination will in no way affect consideration of the merits of the applications the Company will submit concerning the Denny Terrace and Pineland 230kV Transmission Lines.
